

Priority #	County	City	Need	Route	Location	Include bridge(s)?	Description	What problem are you trying to solve?	Status
1	Stone	Reeds Spring	Safety Improvements	13/160/248	North Reeds Spring Intersection		Intersection requires safety improvements.	This improvement is based on traffic volumes and crash history at this location.	MoDOT draft project for STIP, official review and approval process completed
2	Stone/ Christian		Capacity & Intersection Improvements	on Rte. 13	from Nixa to Branson West	A6081 - Fair (6) NP A7913- Good (8) NP A7914- Good (7) NP	Continue four-lane expressway/ install passing & turn lanes	Safety concerns with accidents and people passing lake/ tourist traffic and resulting in some head on collisions. Include intersection at 248/13	
3	Stone	SDC/Indian Point	Intersection Improvements	on Rte. 76	at Indian Point Road		Additional turn lane going west	Extend the WB Turn Lane in order reduce congestion and traffic back-ups from vehicles entering Silver Dollar City; access to lake and condos at Indian Point. Memorial Day weekend 2018, traffic was backed up to 465.	Scoping programmed in 2018-2023 STIP
4	Stone		Capacity Improvements	on Rte. 76	from Branson West to Rte. 265		Capacity and alignment improvements; continuation of 4 lane	Include intersection of 76 and 265	
5	Stone	Reeds Spring	US HWY Improvements	Hwy 413	Hwy 413		Need stop light or turning lane at the corner turning into Reeds Spring High School.	Traffic at the school creates dangerous situation for turning traffic.	
6	Stone		Intersection Improvements	on Rte. 13	at Rte. 86 (near Blue Eye restaurant)				
7	Stone		Intersection Improvements	on Rte. 39	at Rte. H				
8	Stone	Hurley	Safety Improvements	on Hwy A	In Hurley, adjacent to Hurley City Park		Raise road or install larger capacity box culvert.	Road floods frequently and doesn't allow for travel. The culvert may just need cleaned. City cleans up debris ever time it rains.	
9	Stone	Reeds Spring	Outer Road Improvements	on Rte. 13	from route 76 north to junction 248		Both sides in Reeds Spring		
10	Stone		Capacity Improvements	on Rte. 13	from South of Branson West to 413		Continue four-lane expressway	North from Hwy. 413/13B intersection South to Purist Lane/13B intersection	
11	Stone		Capacity Improvements	on Rte. 465	extend High Road		to 376; building new road (~ 2 miles)	A new road would relieve 265 to 76 traffic and alleviate issues on 265. Take 2 lanes all the way to the Chateau	

Bike/Ped									
1	Stone	Crane	Bike/Ped	on Rte. BB	through Crane		Sidewalk Improvements	Safety issues. Hwy. BB from Commerce St./Hwy. 413 to College St.	
2	Stone	Crane	Bike/Ped	on Rte. 413	through Crane		Sidewalk Improvements	Safety issues. Charlene St. (Westside of city) to Pirate Lane (East side of city) along Hwy 413	
3	Stone	Reeds Spring	Bike/Ped	on Rte. 413 (Main)	from Rte. 248 to elementary School		Sidewalk improvements		
4	Stone	Reeds Spring	Bike/Ped	on Rte. 76	from Yocum Road to Rte. 413 (main)		Sidewalk improvements		
5	Stone	Crane	Bike/Ped	on Main Street	from Maud Street to City Park		Sidewalk improvements		
Transit									
1	Stone		Transit				Expand OATS bus service; more options and schedule
