## How does Courage2Report Missouri work?

C2R Missouri calls and tips (web and mobile app) are answered every 24 hours a day, 365 days per year by trained communications professionals and includes two-way dialogue. Reports are sent to the appropriate school and/or law enforcement agency for investigation and follow-up. Information in C2R reports allows schools and their community partners to proactively manage potential risks and increases school safety.

C2R Missouri requires a disposition report be returned on each tip report, notifying us of the outcome.

## How do schools participate?

It is vital that every school submit their administrative contact information to C2R Missouri. This ensures that the correct individuals are notified in the event of a C2R Missouri report involving their school. Schools should fill out a C2R Missouri School Contact Form located at <https://www.Courage2ReportMO.com>, by submitting the information to [courage2reportmo.mshp.dps.mo.gov](https://courage2reportmo.mshp.dps.mo.gov), or by calling the administrative office at 866-362-6422 for more information.

## Is C2R new?

The Missouri School Violence Hotline (founded 2001) transitioned to Courage2Report Missouri in May 2019. C2R is a way for adults and children to be part of the solution in addressing community and school safety. This prevention strategy operates under the Missouri State Highway Patrol in collaboration with Missouri School Board's Association Center for Education Safety and Missouri Department of Social Services. C2R Missouri is the law-enforcement led component of school safety for the state of Missouri. Missouri schools are encouraged by Missouri Department of Public Safety to include C2R Missouri as part of school safety planning.

The C2R Missouri Program connects schools with other community partners as part of a coordinated response to school-related incidents.

According to the U.S. Secret Service, in 81% of the instances where a violent act occurs on school property at least one student had prior knowledge of the event, but failed to report it. Students must learn the importance of taking every threat seriously and reporting it. C2R Missouri helps students do this in a way that keeps them safe.
