City of Branson - Taney County Hazard Mitigation Plan Adoption & Resolution

Cc: Ben Bonner <bbonner@bransonmo.gov>; Lisa Westfall <lwestfall@bransonmo.gov>

CAUTION: External Sender

Thomas,

Please accept this note as a commitment to request that our Board of Aldermen adopt the updated Taney County Hazard Mitigation Plan once it is complete and ready for review.

I am unable to request adoption of the plan by resolution until it is complete. Our City protocols (as with many jurisdictions) require legal review and the opportunity for the Board of Aldermen to review. This simply cannot be done in draft format.

Timeline... as soon as you have completed all revisions and the plan is ready to be presented to SEMA/FEMA, I will move this as quickly as possible to the Board of Aldermen as in years past. A resolution only requires one read by our Board. This will require approximately three weeks lead time once I receive the plan to generate the staff report, resolution, legal review and proper posting to meet adopted ordinance and state statute.

If you have any questions, please feel free to give me a call.

Good afternoon everyone

This is a reminder that your completed STAPLEE and action sheets are due by this **Friday, June 3rd**.

Your adoption resolution is due as well. If you cannot have it submitted to me by **Friday, June 3rd**, you will need to send me an email detailing when you have it passed. I can then use that email as a placeholder until the actual resolution is passed.

As a reminder, completion of these documents is a requirement of the plan. If you are unable to get these submitted to me on time, then your jurisdiction will not be included in the final plan and as a result will be ineligible to apply for Hazard Mitigation Grants.

If you have any questions or need help completing the documents, please reach out to me now. Thank you

Forsyth R-III School District
RESOLUTION NO. _____

**A RESOLUTION BY THE BOARD OF EDUCATION OF FORSYTH R-III SCHOOL
DISTRICT ADOPTING THE TANEY COUNTY MULTI-JURISDICTIONAL
NATURAL HAZARD MITIGATION PLAN**

Whereas, The Board of Education of Forsyth R-III School District recognizes the threat that natural hazards pose to people and property within our community; and

Whereas, undertaking hazard mitigation actions will reduce the potential for harm to people and property from future hazard occurrences; and

Whereas, the U.S. Congress passed the Disaster Mitigation Act of 2000 ("Disaster Mitigation Act") emphasizing the need for pre-disaster mitigation of potential hazards; and

Whereas, the Disaster Mitigation Act made available hazard mitigation grants to state and local governments; and

Whereas, an adopted Local Hazard Mitigation Plan is required as a condition of future funding for mitigation projects under multiple FEMA pre- and post-disaster mitigation grant programs; and

Whereas, the Forsyth R-III School District fully participated in the hazard mitigation planning process to prepare this Multi-Jurisdictional Local Hazard Mitigation Plan; and

Whereas, the Missouri State Emergency Management Agency and the Federal Emergency Management Agency Region VII officials will review the "Taney County Multi-Jurisdictional Local Hazard Mitigation Plan," and approved it as to form and content; and

Whereas, the Board of Education of Forsyth R-III School District desires to comply with the requirements of the Disaster Mitigation Act and to augment its emergency planning efforts by formally adopting the Taney County Multi-Jurisdictional Local Hazard Mitigation Plan; and

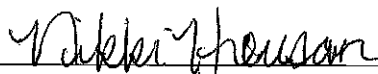

Whereas, adoption by the governing body for the Forsyth R-III School District demonstrates the jurisdictions' commitment to fulfilling the mitigation goals outlined in this Multi- Jurisdictional Local Hazard Mitigation Plan; and

Whereas, adoption of this legitimizes the plan and authorizes responsible agencies to carry out responsibilities under the plan;

Now, therefore, be it resolved, that the Board of Education of Forsyth R-III School District has adopted the "Taney County Multi-Jurisdictional Local Hazard Mitigation Plan" as an official plan.

Thomas,
for the Western Taney County Fire District we will have to have a finished product to present to them before they will adopt it. For Taney County, they are not so clear, however it has to go to legal for review first and I can't imagine that legal would allow the County Commission something they don't have.
