

## Appendix C: Completed and Deleted Actions

Completed Actions	Action Description	Completion Details (Date, Amount, Funding Source)
Webster County 3.3.2	Continue development of GIS to further analyze, map, and track the impact of natural hazards	County has GIS
Village of Diggins 1.3.3	Encourage local community organizations to continue to augment programs to provide fans, air conditioners, and winter weatherization	Bulletin board notification as well as "word of mouth"
Village of Diggins 3.2.5	Develop an ordinance to restrict the use of public water during droughts	Notice printed on monthly billing periodically
City of Fordland 1.3.1	Integrate safe room construction in new community buildings	N/A
City of Fordland 1.3.5	Identify and designate heating and cooling refuge areas in community buildings and make these facilities open to the public	N/A
City of Fordland 3.2.1	Enhance strategies and coordinate with utility providers to manage encroachment of vegetation in easements and rights of way	N/A
City of Seymour	Integrate safe room construction in new community buildings	N/A

Deleted Actions	Action Description	Reason for Deletion
Webster County 1.1.4	Increase public awareness on techniques to reduce risk, such as the use of fire resistant materials in construction, etc	No progress. County wants to focus on other projects
Webster County 1.3.3	Encourage local community organizations to continue and augment programs to provide fans, air conditioners, and winter weatherization	No progress. County wants to focus on other projects
Webster County 2.1.1	Encourage electrical utilities to use underground construction methods where possible	No progress. County wants to focus on other projects
Webster County 3.2.2	Design, enhance, or amend policies that will work to limit the impact of natural hazards	No progress. County wants to focus on other projects
Webster County 3.2.3	Implement burn restrictions during time of weather conditions conducive to the spread of wildfires	No progress. County wants to focus on other projects
Village of Diggins 1.3.1	Integrate safe room construction in community buildings	Lack of funds, low population
Village of Diggins 1.3.2	Create and update tornado/sever thunderstorm plans an identify refuge areas that comply with FEMA publication 431	The village does not have large facilities or establishments serving the public
Village of Diggins 2.1.1	Encourage electrical utilities to use underground construction methods where possible	No progress made
Village of Diggins 2.1.4	Acquire, elevate, or flood-proof properties and critical infrastructure within flood hazard areas	No progress made

Village of Diggins 2.2.1	Encourage adoption of low impact storm water management policies	No progress made
Village of Diggins 2.2.3	Update building codes to IBC 2009 or later	No progress made
Village of Diggins 2.2.4	Develop an open space acquisition, reuse, and preservation plan targeting hazard areas	No progress made
City of Fordland 1.1.5	Increase, promote, establish, and maintain participation in citizen preparedness groups	City completely redid their actions focusing on achievable goals
City of Fordland 1.2.4	Monitor annexation process to stay informed as to upcoming annexations to ensure warning siren coverage	City completely redid their actions focusing on achievable goals
City of Fordland 1.2.5	Promote local severe weather alert applications for mobile devices	City completely redid their actions focusing on achievable goals
City of Fordland 1.3.2	Create and update tornado/severe thunderstorm plans and identify refuge areas that comply with FEMA publication 431	City completely redid their actions focusing on achievable goals
City of Fordland 1.3.3	Encourage local community organizations to augment programs to provide winter weatherization	City completely redid their actions focusing on achievable goals
City of Fordland 1.3.6	Promote and distribute FEMA publication 320	City completely redid their actions focusing on achievable goals
City of Fordland 2.1.2	Encourage electrical utilities to use underground construction methods where possible	City completely redid their actions focusing on achievable goals
City of Fordland 2.1.4	Acquire, elevate, or flood-proof properties and critical infrastructure within flood areas	City completely redid their actions focusing on achievable goals
City of Fordland 2.2.1	Encourage adoption of low impact storm water management policies to control runoff from developing areas outside the floodplain	City completely redid their actions focusing on achievable goals
City of Fordland 2.2.3	Update building codes to IBC 2009 or later	City completely redid their actions focusing on achievable goals
City of Fordland 2.2.4	Develop an open space acquisition, reuse, and preservation plan targeting hazard areas	City completely redid their actions focusing on achievable goals
City of Fordland 3.1.1	Encourage elected officials to participate in MIMS training and compliance programs	City completely redid their actions focusing on achievable goals
City of Fordland 3.1.2	Enforce highly visible 911 addressing for residences and businesses through building and business permitting	City completely redid their actions focusing on achievable goals
City of Fordland 3.2.5	Develop an ordinance to restrict the use public water resources during droughts	City completely redid their actions focusing on achievable goals
City of Fordland 3.3.1	Continue to monitor and identify funding from state and federal programs	City completely redid their actions focusing on achievable goals
City of Seymour 1.3.3	Encourage local community organizations to augment programs to provide winter weatherization	No progress made
City of Seymour	Develop an open space acquisition, reuse,	No progress made

2.4.4	and preservation plan targeting hazard areas.	
City of Niangua 1.1.5	Increase, promote, establish, and maintain participation in citizen preparedness groups	City wanted to focus on other actions
City of Niangua 1.2.5	Promote local severe weather alert applications for mobile devices	City wanted to focus on other actions
City of Niangua 1.3.3	Encourage local community organizations to augment programs to provide winter weatherization	City wanted to focus on other actions
City of Niangua 2.1.4	Acquire, elevate, or flood-proof properties and critical infrastructure within flood areas	City wanted to focus on other actions
City of Niangua 2.2.1	Encourage adoption of low impact storm water management policies to control runoff from developing areas outside the floodplain	City wanted to focus on other actions
City of Niangua 2.2.3	Update building codes to IBC 2009 edition or later	City wanted to focus on other actions
City of Niangua 3.2.1	Enhance strategies and coordinate with utility providers to manage encroachment of vegetation in easements and rights of way	City wanted to focus on other actions
City of Seymour 1.2.4	Monitor annexation process to stay informed as to upcoming annexations to ensure warning siren coverage	No progress. City wanted to focus on other actions
City of Seymour 1.2.5	Promote local severe weather alert applications for mobile devices	No progress. City wanted to focus on other actions
Fordland R-III 1.3.3	Encourage local community organizations to augment programs to provide winter weatherization	Not relevant to this district
Fordland R-III 1.3.4	Encourage school officials to participate in NIMS training and compliance programs	Not relevant to this district
Marshfield R-I 1.1.1	Continue collaboration between local government, community organizations, and businesses to and host community activities to promote public awareness health and safety during natural hazard events.	District no longer wanted to focus on this action
Marshfield R-I 1.1.3	Continue to promote and expand educational programs regarding natural hazard mitigation and preparedness in school newsletters and seek to integrate information on natural hazards into school curriculum where feasible	District no longer wanted to focus on this action
Marshfield R-I 1.2.5	Promote local severe weather alert applications for mobile communications devices	District no longer wanted to focus on this action
Marshfield R-I 1.3.2	Create and update tornado/severe storm plans and identify refuge areas that comply with FEMA publication 431	District no longer wanted to focus on this action
Marshfield R-I 1.3.3	Encourage local community organizations to continue and augment programs to provide fans, air conditioners, and winter weatherization for those at risk	District no longer wanted to focus on this action
Marshfield R-I 1.3.4	Retrofit doors to all vulnerable facilities with metal doors, or place protective film on glass doors and windows	District no longer wanted to focus on this action
Marshfield R-I 3.1.1	Encourage all elected officials, public administrators, community stakeholders and responders to participate in National Incident Management System (NIMS) training	District no longer wanted to focus on this action

Marshfield R-I 3.3.1	Continue to monitor and identify funding from state and federal programs for hazard mitigation activities	District no longer wanted to focus on this action
