Appendix C: Completed and Deleted Actions

Completed Actions	Actions Description	Completion Details (date, amount, funding source)
City of Cassville 1.3.5	**Safe room construction** - Provide information on construction plans and cost estimates for building safe rooms in homes or small businesses and cost estimates for construction by making FEMA publication 320 easily available.	n/a
City of Cassville 2.2.6	**Building codes** - Adopt and/or update appropriate building codes.	n/a
City of Exeter 3.2.3	**Water conservation** - Develop an ordinance to restrict the use of public water resources for non-essential usage, such as landscaping, washing cars, filling swimming pools, etc.	Ordinance 121008
City of Wheaton 2.2.6	**Building codes** - Adopt and/or update appropriate building codes.	Building code is in place
Cassville R-IV 1.3.5	**Safe room construction** - Provide information on construction plans and cost estimates for building safe rooms in homes or small businesses and cost estimates for construction by making FEMA publication 320 easily available.	Two large saferooms k-8 campus, high school
Monett R-1.3.2	**Safe refuge area plan** - Create and update tornado/severe storm plans and identify refuge areas that comply with FEMA publication 431 Selecting Refuge Areas in Buildings, in schools, large facilities and other establishments serving the public.	Created a "Do you know where to go?" document. It is on the district website
Monett R-I 1.3.3	**Protective filming and blast proof doors** - Retrofit doors to all vulnerable facilities with metal doors, or place protective film on glass doors and windows.	Protective film was placed on school doors
Purdy R-II 1.3.2	**Safe refuge area plan** - Create and update tornado/severe storm plans and identify refuge areas that comply with FEMA publication 431 Selecting Refuge Areas in Buildings, in schools, large facilities and other establishments serving the public.	n/a
Purdy R-II 1.3.5	**Safe room construction** - Provide information on construction plans and cost estimates for building safe rooms in homes or small businesses and cost estimates for construction by making FEMA publication 320 easily available.	District wide safe room completed
Deleted Actions	**Action Description**	**Reason for Deletion**
Barry County 1.1.5	**Firewise community USA** – participate in the Firewise Community USA Recognition Program	Fire districts are in charge of this now
Barry County 1.2.2	**Low water crossing marking** - Install, replace and maintain low water markings and gauges in flood prone areas.	Road districts are in charge of this now
Barry County 1.3.2	**Safe refuge area plan** - Create and update tornado/severe storm plans and identify refuge areas that comply with FEMA publication 431 Selecting Refuge Areas in Buildings, in schools, large facilities and other establishments serving the public.	Municipalities are in charge of this now
Barry County 1.3.4	**Community extreme temperature refuge areas** - Identify and designate heating and cooling refuge areas in community buildings, and make these locations available to the public during extreme temperature events.	n/a
Barry County 1.3.5	**Safe room construction** - Provide information on construction plans and cost estimates for building safe rooms in homes or small businesses and cost estimates for construction by making FEMA publication 320 easily	Municipalities are working on this now

		available.
Barry County 2.1.2	**Low water crossing improvements** – replace and improve low water crossings where identified as effective	Road districts are in charge of this now
Barry County 2.2.2	**Green infrastructure** - implement green infrastructure ideas to flood hazard zones to safely capture excess water for it to seep back into the ground or slow its progress into storm drains.	n/a
Barry County 2.2.3	**Stream and river improvements** - Increase the amount of vegetation near river banks and flood prone areas to improve soil health, aesthetic value, and overall health of the river ecosystem.	n/a
Barry County 2.2.4	**Stream buffer ordinance** - Adopt ordinance to create buffer zones along streams to protect water resources and limit flood impacts to potential future development	Municipalities are in charge of this now
Barry County 2.2.6	**Building codes** - Adopt and/or update appropriate building codes.	n/a
Barry County 2.2.7	**Open space plan** – develop an open space acquisition, reuse, and preservation plan targeting hazard prone areas	n/a
Barry County 3.2.1	**Vegetation maintenance** - Enhance strategies and coordinate with utility providers to manage encroachment of vegetation in easements and rights of way.	n/a
Barry County 3.2.2	**Burn bans** - Implement burn restrictions during time of weather conditions conducive to the spread of wildfire.	n/a
Barry County 3.2.3	**Water conservation** - Develop an ordinance to restrict the use of public water resources for non-essential usage, such as landscaping, washing cars, filling swimming pools, etc.	Municipalities and SW water district are in charge of this now
City of Cassville 1.1.1	**Awareness Program** – create a countywide natural hazard education and awareness program	n/a
City of Cassville 1.1.2	**Flood insurance awareness** – promote education, research outreach, and development of programs to improve knowledge and awareness among citizens and industry about hazard mitigation	n/a
City of Cassville 1.1.3	**Sinkhole Awareness program** - Educate homeowners and businesses about the Missouri FAIR plan sinkhole loss policies for dwellings in hazard prone areas.	n/a
City of Cassville 1.1.4	**Citizen preparedness** - Increase, promote, establish, and maintain participation in citizen preparedness activities, such as; Citizen Corps, CERT, COAD, Neighborhood Watch, Fire Corps, Amateur Radio, etc.	n/a
City of Cassville 1.1.5	**Firewise community USA** – participate in the Firewise Community USA Recognition Program	n/a
City of Cassville 1.3.2	**Safe refuge area plan** - Create and update tornado/severe storm plans and identify refuge areas that comply with FEMA publication 431 Selecting Refuge Areas in Buildings, in schools, large facilities and other establishments serving the public.	n/a
City of Cassville 1.3.3	**Protective filming and blast proof doors** - Retrofit doors to all vulnerable facilities with metal doors, or place protective film on glass doors and windows.	n/a
City of Cassville 1.3.4	**Community extreme temperature refuge areas** - Identify and designate heating and cooling refuge areas in community buildings, and make these locations available to the public during extreme temperature events.	n/a
City of Cassville 2.1.3	**Hazard area property protection –** acquire, elevate, or flood-proof properties and critical infrastructure within flood hazard areas	n/a

City of Cassville 2.2.2	**Green infrastructure** - implement green infrastructure ideas to flood hazard zones to safely capture excess water for it to seep back into the ground or slow its progress into storm drains.	n/a
City of Cassville 2.2.3	**Stream and river improvements** - Increase the amount of vegetation near river banks and flood prone areas to improve soil health, aesthetic value, and overall health of the river ecosystem.	n/a
City of Cassville 2.2.4	**Stream buffer ordinance** - Adopt ordinance to create buffer zones along streams to protect water resources and limit flood impacts to potential future development	n/a
City of Cassville 2.2.7	**Open space plan** – develop an open space acquisition, reuse, and preservation plan targeting hazard prone areas	n/a
City of Cassville 3.1.1	**NIMS training** - All elected officials, public administrators, community stakeholders and responders will participate in National Incident Management System (NIMS) training and compliance programs.	n/a
City of Cassville 3.2.1	**Vegetation maintenance** - Enhance strategies and coordinate with utility providers to manage encroachment of vegetation in easements and rights of way.	n/a
City of Cassville 3.2.2	**Burn bans** - Implement burn restrictions during time of weather conditions conducive to the spread of wildfire.	n/a
City of Cassville 3.2.3	**Water conservation** - Develop an ordinance to restrict the use of public water resources for non-essential usage, such as landscaping, washing cars, filling swimming pools, etc.	n/a
City of Exeter 1.1.1	**Awareness Program** – create a countywide natural hazard education and awareness program	Shifted interest
City of Exeter 1.1.3	**Sinkhole Awareness program** - Educate homeowners and businesses about the Missouri FAIR plan sinkhole loss policies for dwellings in hazard prone areas.	Shifted focus
City of Exeter 1.3.3	**Protective filming and blast proof doors** - Retrofit doors to all vulnerable facilities with metal doors, or place protective film on glass doors and windows.	Shifted focus
City of Exeter 1.3.4	**Community extreme temperature refuge areas** - Identify and designate heating and cooling refuge areas in community buildings, and make these locations available to the public during extreme temperature events.	Shifted focus, no facility
City of Exeter 1.3.5	**Safe room construction -** Provide information on construction plans and cost estimates for building safe rooms in homes or small businesses and cost estimates for construction by making FEMA publication 320 easily available.	Focusing on a similar action
City of Exeter 2.2.6	**Building codes** - Adopt and/or update appropriate building codes.	We don't have building codes
City of Exeter 3.2.1	**Vegetation maintenance** - Enhance strategies and coordinate with utility providers to manage encroachment of vegetation in easements and rights of way.	Another organization manages this
City of Monett 1.1.3	**Sinkhole Awareness program** - Educate homeowners and businesses about the Missouri FAIR plan sinkhole loss policies for dwellings in hazard prone areas.	n/a
City of Monett 1.1.5	**Firewise community USA** – participate in the Firewise Community USA Recognition Program	n/a
City of Monett 1.3.3	**Protective filming and blast proof doors** - Retrofit doors to all vulnerable facilities with metal doors, or place protective film on glass doors and windows.	n/a
City of Monett 1.3.4	**Community extreme temperature refuge areas** -	n/a

	Identify and designate heating and cooling refuge areas in community buildings, and make these locations available to the public during extreme temperature events.	
City of Monett 2.2.2	**Green infrastructure** - implement green infrastructure ideas to flood hazard zones to safely capture excess water for it to seep back into the ground or slow its progress into storm drains.	n/a
City of Monett 2.2.3	**Stream and river improvements** - Increase the amount of vegetation near river banks and flood prone areas to improve soil health, aesthetic value, and overall health of the river ecosystem.	Does not apply to the city
City of Monett 2.2.4	**Stream buffer ordinance** - Adopt ordinance to create buffer zones along streams to protect water resources and limit flood impacts to potential future development	Does not apply to the city
City of Monett 3.2.1	**Vegetation maintenance** - Enhance strategies and coordinate with utility providers to manage encroachment of vegetation in easements and rights of way.	n/a
City of Seligman 1.1.3	**Sinkhole Awareness program** - Educate homeowners and businesses about the Missouri FAIR plan sinkhole loss policies for dwellings in hazard prone areas.	n/a
City of Seligman 1.1.5	**Firewise community USA** – participate in the Firewise Community USA Recognition Program	n/a
City of Seligman 1.3.4	**Community extreme temperature refuge areas** - Identify and designate heating and cooling refuge areas in community buildings, and make these locations available to the public during extreme temperature events.	n/a
City of Seligman 3.2.1	**Vegetation maintenance** - Enhance strategies and coordinate with utility providers to manage encroachment of vegetation in easements and rights of way.	n/a
City of Seligman 3.2.3	**Water conservation** - Develop an ordinance to restrict the use of public water resources for non-essential usage, such as landscaping, washing cars, filling swimming pools, etc.	n/a
City of Wheaton 1.1.2	**Flood insurance awareness** – promote education, research outreach, and development of programs to improve knowledge and awareness among citizens and industry about hazard mitigation	n/a
City of Wheaton 1.1.3	**Sinkhole Awareness program** - Educate homeowners and businesses about the Missouri FAIR plan sinkhole loss policies for dwellings in hazard prone areas.	n/a
City of Wheaton 1.1.4	**Citizen preparedness** - Increase, promote, establish, and maintain participation in citizen preparedness activities, such as; Citizen Corps, CERT, COAD, Neighborhood Watch, Fire Corps, Amateur Radio, etc.	n/a
City of Wheaton 1.3.1	**Safe room construction** - Integrate safe room construction in new community buildings, schools, large facilities, and other establishments serving the public in areas of population concentration where feasible.	n/a
City of Wheaton 1.3.3	**Protective filming and blast proof doors** - Retrofit doors to all vulnerable facilities with metal doors, or place protective film on glass doors and windows.	n/a
City of Wheaton 1.3.4	**Community extreme temperature refuge areas** - Identify and designate heating and cooling refuge areas in community buildings, and make these locations available to the public during extreme temperature events.	n/a
City of Wheaton 1.3.5	**Safe room construction** - Provide information on	n/a

	construction plans and cost estimates for building safe rooms in homes or small businesses and cost estimates for construction by making FEMA publication 320 easily available.	
Cassville R-IV 1.1.1	**Awareness Program** – create a countywide natural hazard education and awareness program	Not relevant anymore
Cassville R-IV 1.1.2	**Flood insurance awareness** – promote education, research outreach, and development of programs to improve knowledge and awareness among citizens and industry about hazard mitigation	Not relevant anymore
Cassville R-IV 1.1.3	**Sinkhole Awareness program** - Educate homeowners and businesses about the Missouri FAIR plan sinkhole loss policies for dwellings in hazard prone areas.	Not relevant anymore

Cassville R-IV 1.3.5	**Safe room construction** - Provide information on construction plans and cost estimates for building safe rooms in homes or small businesses and cost estimates for construction by making FEMA publication 320 easily available.	Not relevant anymore
Cassville R-IV 3.2.1	**Vegetation maintenance** - Enhance strategies and coordinate with utility providers to manage encroachment of vegetation in easements and rights of way.	Not relevant anymore
Exeter R-VI 1.1.1	**Awareness Program** – create a countywide natural hazard education and awareness program	n/a
Exeter R-VI 1.1.2	**Flood insurance awareness** – promote education, research outreach, and development of programs to improve knowledge and awareness among citizens and industry about hazard mitigation	n/a
Exeter R-VI 1.1.3	**Sinkhole Awareness program** - Educate homeowners and businesses about the Missouri FAIR plan sinkhole loss policies for dwellings in hazard prone areas.	n/a
Exeter R-VI 1.1.4	**Citizen preparedness** - Increase, promote, establish, and maintain participation in citizen preparedness activities, such as; Citizen Corps, CERT, COAD, Neighborhood Watch, Fire Corps, Amateur Radio, etc.	n/a
Exeter R-VI 1.3.4	**Community extreme temperature refuge areas** - Identify and designate heating and cooling refuge areas in community buildings, and make these locations available to the public during extreme temperature events.	n/a
Exeter R-VI 2.2.6	**Building codes** - Adopt and/or update appropriate building codes.	n/a
Exeter R-VI 3.2.1	**Vegetation maintenance** - Enhance strategies and coordinate with utility providers to manage encroachment of vegetation in easements and rights of way.	n/a
Exeter R-VI 3.2.3	**Water conservation** - Develop an ordinance to restrict the use of public water resources for non-essential usage, such as landscaping, washing cars, filling swimming pools, etc.	n/a
Monett R-I 1.1.1	**Awareness Program** – create a countywide natural hazard education and awareness program	n/a

Monett R-I 1.1.2	**Flood insurance awareness** – promote education, research outreach, and development of programs to improve knowledge and awareness among citizens and industry about hazard mitigation	n/a
Monett R-I 1.1.3	**Sinkhole Awareness program** - Educate homeowners and businesses about the Missouri FAIR plan sinkhole loss policies for dwellings in hazard prone areas.	n/a
Monett R-I 1.1.4	**Citizen preparedness** - Increase, promote, establish, and maintain participation in citizen preparedness activities, such as; Citizen Corps, CERT, COAD, Neighborhood Watch, Fire Corps, Amateur Radio, etc.	n/a
Monett R-I 1.3.4	**Community extreme temperature refuge areas** - Identify and designate heating and cooling refuge areas in community buildings, and make these locations available to the public during extreme temperature events.	n/a
Monett R-I 1.3.5	**Safe room construction** - Provide information on construction plans and cost estimates for building safe rooms in homes or small businesses and cost estimates for construction by making FEMA publication 320 easily available.	n/a
Monett R-I 2.2.6	**Building codes** - Adopt and/or update appropriate building codes.	n/a
Monett R-I 3.2.1	**Vegetation maintenance** - Enhance strategies and coordinate with utility providers to manage encroachment of vegetation in easements and rights of way.	n/a
Monett R-I 3.2.3	**Water conservation** - Develop an ordinance to restrict the use of public water resources for non-essential usage, such as landscaping, washing cars, filling swimming pools, etc.	n/a
Purdy R-II 1.1.2	**Flood insurance awareness** – promote education, research outreach, and development of programs to improve knowledge and awareness among citizens and industry about hazard mitigation	n/a
Purdy R-II 1.1.3	**Sinkhole Awareness program** - Educate homeowners and businesses about the Missouri FAIR plan sinkhole loss policies for dwellings in hazard prone areas.	n/a
Purdy R-II 1.1.4	**Citizen preparedness** - Increase, promote, establish, and maintain participation in citizen preparedness activities, such as; Citizen Corps, CERT, COAD, Neighborhood Watch, Fire Corps, Amateur Radio, etc.	n/a
Purdy R-II 1.3.4	**Community extreme temperature refuge areas** - Identify and designate heating and cooling refuge areas in community buildings, and make these locations available to the public during extreme temperature events.	n/a
Purdy R-II 2.2.6	**Building codes** - Adopt and/or update appropriate building codes.	n/a
Purdy R-II 3.1.1	**NIMS training** - All elected officials, public administrators, community stakeholders and responders will participate in National Incident Management System (NIMS) training and compliance programs.	n/a
Purdy R-II 3.2.1	**Vegetation maintenance** - Enhance strategies and coordinate with utility providers to manage encroachment of vegetation in easements and rights of way.	n/a
Purdy R-II 3.2.3	**Water conservation** - Develop an ordinance to restrict the use of public water resources for non-essential usage, such as landscaping, washing cars, filling swimming pools, etc.	n/a

Southwest R-V 1.1.1	**Awareness Program** – create a countywide natural hazard education and awareness program	n/a
Southwest R-V 1.1.2	**Flood insurance awareness** – promote education, research outreach, and development of programs to improve knowledge and awareness among citizens and industry about hazard mitigation	n/a
Southwest R-V 1.1.3	**Sinkhole Awareness program** - Educate homeowners and businesses about the Missouri FAIR plan sinkhole loss policies for dwellings in hazard prone areas.	n/a
Southwest R-V 1.1.4	**Citizen preparedness** - Increase, promote, establish, and maintain participation in citizen preparedness activities, such as; Citizen Corps, CERT, COAD, Neighborhood Watch, Fire Corps, Amateur Radio, etc.	n/a
Southwest R-V 1.3.4	**Community extreme temperature refuge areas** - Identify and designate heating and cooling refuge areas in community buildings, and make these locations available to the public during extreme temperature events.	n/a
Southwest R-V 1.3.5	**Safe room construction** - Provide information on construction plans and cost estimates for building safe rooms in homes or small businesses and cost estimates for construction by making FEMA publication 320 easily available.	n/a
Southwest R-V 2.2.6	**Building codes** - Adopt and/or update appropriate building codes.	n/a
Southwest R-V 3.1.1	**NIMS training** - All elected officials, public administrators, community stakeholders and responders will participate in National Incident Management System (NIMS) training and compliance programs.	n/a
Southwest R-V 3.2.1	**Vegetation maintenance** - Enhance strategies and coordinate with utility providers to manage encroachment of vegetation in easements and rights of way.	n/a
Southwest R-V 3.2.3	**Water conservation** - Develop an ordinance to restrict the use of public water resources for non-essential usage, such as landscaping, washing cars, filling swimming pools, etc.	n/a
Wheaton R-III 1.1.1	**Awareness Program** – create a countywide natural hazard education and awareness program	n/a
Wheaton R-III 1.1.2	**Flood insurance awareness** – promote education, research outreach, and development of programs to improve knowledge and awareness among citizens and industry about hazard mitigation	n/a
Wheaton R-III 1.1.3	**Sinkhole Awareness program** - Educate homeowners and businesses about the Missouri FAIR plan sinkhole loss policies for dwellings in hazard prone areas.	n/a
Wheaton R-III 1.1.4	**Citizen preparedness** - Increase, promote, establish, and maintain participation in citizen preparedness activities, such as; Citizen Corps, CERT, COAD, Neighborhood Watch, Fire Corps, Amateur Radio, etc.	n/a
Wheaton R-III 1.3.4	**Community extreme temperature refuge areas** - Identify and designate heating and cooling refuge areas in community buildings, and make these locations available to the public during extreme temperature events.	n/a
Wheaton R-III 1.3.5	**Safe room construction** - Provide information on construction plans and cost estimates for building safe rooms in homes or small businesses and cost estimates for construction by making FEMA publication 320 easily available.	New action as added for safe room construction
Wheaton R-III 2.2.6	**Building codes** - Adopt and/or update appropriate	n/a

	building codes.	
Wheaton R-III 3.2.1	**Vegetation maintenance** - Enhance strategies and coordinate with utility providers to manage encroachment of vegetation in easements and rights of way.	n/a
Wheaton R-III 3.2.3	**Water conservation** - Develop an ordinance to restrict the use of public water resources for non-essential usage, such as landscaping, washing cars, filling swimming pools, etc.	n/a
